

CHARLES LOOS - THREE TIMES TWENTY

Throughout my professional life in music (now 2 x 20 years and counting...). I have had the opportunity on many occasions to play with some magnificent musicians, who in turn have done me the great pleasure of playing my compositions. They can be heard on most of the records I have been behind. However, sometimes we get involved in music projects that never get past the demo stage, whereas some of the pieces are actually fairly good. In the same way, little gems can be found in some recorded concerts. I have always thought it unfortunate that these little snatches of demos and extracts from concerts are not available on CD.

So, to mark my 3 x 20 years, I have put together the best of unpublished recording on this disc: a gift from me to you, as much as from me to me! And I have also counted the invited musicians who appear on this CD for you. There are... 27 of them in all! Allow me to pass on my thanks to them a thousand times over!
